- 1. Il est notifié au déposant que l'administration chargée de l'examen préliminaire international a établi le rapport préliminaire international sur la brevetabilité pour la demande internationale et le lui transmet ci-joint, accompagné, le cas échéant, de ces annexes.
- 2. Une copie du présent rapport et, le cas échéant, de ses annexes est transmise au Bureau international pour communication à tous les offices élus.
- 3. Si tel ou tel office élu l'exige, le Bureau international établira une traduction en langue anglaise du rapport (à l'exclusion des annexes de celui-ci) et la transmettra aux offices intéressés.

4. NOTIFICATION IMPORTANTE

Pour aborder la phase nationale auprès de chaque office élu, le déposant doit accomplir certains actes (dépôt de traduction et paiement des taxes nationales) dans le délai de 30 mois à compter de la date de priorité (ou plus tard pour ce qui concerne certains offices) (article 39.1) (voir aussi le rappel envoyé par le Bureau international dans le formulaire PCT/IB/301).

Losrqu'une traduction de la demande internationale doit être remise à un office élu, elle doit comporter la traduction de toute annexe du rapport préliminaire international sur la brevetabilité. Il appartient au déposant d'établir la traduction en question et de la remettre directement à chaque office élu intéressé.

Pour plus de précisions en ce qui concerne les délais applicables et les exigences des offices élus, voir le Volume II du Guide du déposant du PCT.

Il est signalé au déposant que l'article 33(5) stipule que les critères de nouveauté, d'activité inventive et d'application industrielle tels que définis à l'article 33(2) à (4) ne servent qu'aux fins de l'examen préliminaire international et que "tout État contractant peut appliquer des critères additionnels ou différents afin de décider si, dans cet État, l'invention est brevetable ou non" (voir également l'article 27(5)). De tels critères additionnels peuvent par exemple avoir rapport à des exceptions à la brevetabilité ainsi qu'à des exigences concernant l'exposé suffisant de l'invention, la clarté des revendications et leur fondement sur la description.
